7.osztályosok angol nyelvi versenye 2022/2023 3. forduló

Choose a topic below and create a ppt, sway or if you are not a big fan of technology then a hand-made poster to show your knowledge about the topic you have chosen.

1. The evolution of the mobile phone

Over the years cell phones have changed drastically from simple to super smart ones. Have you ever thought about the life of this gadget? How and why has it become the central part of our life and what about its future? If you are into technological inventions, it is your topic 😊

2. The life and times of your hero

If you have a person in your life who has achieved something great and has inspired you now you have the chance to talk about his/her background, achievement, what you have learned from that person or how he/she has shaped you as a person.

3. What if my pet could speak...?

If you are a fan of pets or you are a pet owner, you will like this topic. How do pets live their lives? Are they happy just because they are fed? How can see the world? If your pet could speak, what would it say?
